Viticulture

Bud Hardiness

Regional updates on this website at <https://lergp.com/bud-hardiness-1>

Luke Haggerty wrote some good articles on Winter Damage and How to Assess Bud Damage at <https://lergp.com/winter-damage> and how to assess Trunk Damage and Renew <https://lergp.com/renewing-trunk-damage>

Data from across New York can be found at this website.
<https://grapesandwine.cals.cornell.edu/extension/bud-hardiness-data/>

IPM

Renewal work – map missing vines with the myEV tool

MyEfficientVineyard Tool – learn how to use it by watching the demo videos at <https://www.efficientvineyard.com/docs> The Use Data Collectors video will show how you can record information in the tool.
