

## October Calendar Resources

### Viticulture

Record frost/freeze events/ final berry weights and Brix – can be done with myEV tool

MyEfficientVineyard Tool – learn how to use it by watching the demo videos at <https://www.efficientvineyard.com/docs> The Use Data Collectors video will show how you can record information in the tool.

### IPM

Fall herbicide applications as needed - Consult the 2020 version of the New York and Pennsylvania Pest Management Guidelines for Grapes.

<https://ipmguidelines.org/>

### Business Management

Keep track of production and quality by block

Keep track of labor hours and days of rest
